"THE TURTLE."

The audience at Morton's opera house last night to witness the much talked of Turtle, was fattly lange, although there were few ladies there. Those who expected to see anything sbocking, however, were badly disappointed. The disrobing scene was a very tame affair, and there was nothing about it to inspire such fear among the ladtes who reunified away on account of it. The comedy was i very laughable and the audience

would have been well pleased but for the fact that there was disappoint ment among the occupants of the bald beasted quarters.
